

JOHN B. RINTOUL III
Deputy District Engineer for Programs
and Project Management
U.S. Army Corps of Engineers
Afghanistan Engineer District

Jack Rintoul is the Deputy District Engineer for Programs and Project Management and the highest ranking civilian in the district. He is responsible for making district commitments with sponsors and customers and insuring those commitments are met through project management. He also directs formulation of the District's program and budget, and oversees and approves the operations budget.

Rintoul previously served as the Buffalo District's Deputy District Engineer for Planning, Programs and Project Management. Prior to serving in that capacity he was the District's Chief, Construction-Operations Division since April 1998. Rintoul has 18 years of Corps field experience working in Resident and Area Offices. He previously worked for the Little Rock District as the Resident Engineer at the Mountain Home Resident Office, which operates and maintains the Bull Shoals and Norfolk Lake projects. He served the Corps New York District as project engineer at the Plattsburgh Air Force Base Resident Office, as Chief of the Albany Field Office, and at the Fort Drum Construction Management Office, as chief of the Modification Section in the Contract Administration Branch. Rintoul has also had assignments in the Baltimore District of the Corps, as a project engineer at the Capital Area Office at Fort Belvoir and in the Little Rock District as Assistant Resident Engineer at the Pine Bluff Arsenal Military Resident Office. Additionally, he had a temporary duty assignment as a Resident Engineer in Saudi Arabia in support of Operation Desert Storm. He deployed to Iraq in 2003 to work for the Coalition Provisional Authority serving as the Senior Advisor to the Ministry of Housing and Construction. He deployed again to Iraq in 2005 serving as the Government's Director of the Facilities and Transportation Sector in the Project and Contracting Office.

A 1979 graduate of Clarkson University, where he received a bachelor of science degree in civil and environmental engineering, Rintoul is originally from New York State. Rintoul has served as an instructor for the Corps of Engineers Proponent-Sponsored Engineer Corps Training program and is a registered professional engineer in the State of Arkansas.
